### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Hess on February 9, 2006.

The application has been amended as follows:

In claim 48 (b), "along the length" should be changed to -- along a length.

In claim 48 (d), "adjusting the angle" should be changed to -- adjusting an angle.

In claim 48 (e), "Adjusting the angle" should be changed to -- adjusting an angle, "widening the surgical field" should be changed to -- widening a surgical field, and "the depth of the surgical field" should be changed to -- a depth of the surgical field.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest, a retraction device comprising the features of the cited art with a one-piece frame hinged on a handle and slidably attached to a support element as set forth in claims 1 and 48. It is noted that in all of the art found, one could find a one-piece frame hinged on a handle and attached to a support element while allowing adjustments

and positioning of the handle with respect to the frame and extension means for holding a second blade thereby increasing the effective length of the retractor. However, the support element is not slidably attached.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Araj whose telephone number is 571-272-5963. The examiner can normally be reached on M-F 8am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Eduardo Robert can be reached on 571-272-4719. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
